IA Organizations

Education and Credentialing

- Conducted an analysis of education and credentialing standards

Education and Credentialing

- Conducted an analysis of education and credentialing standards
 - Established minimum educational standards for the IA
 - Identified areas that are considered gaps

Education and Credentialing

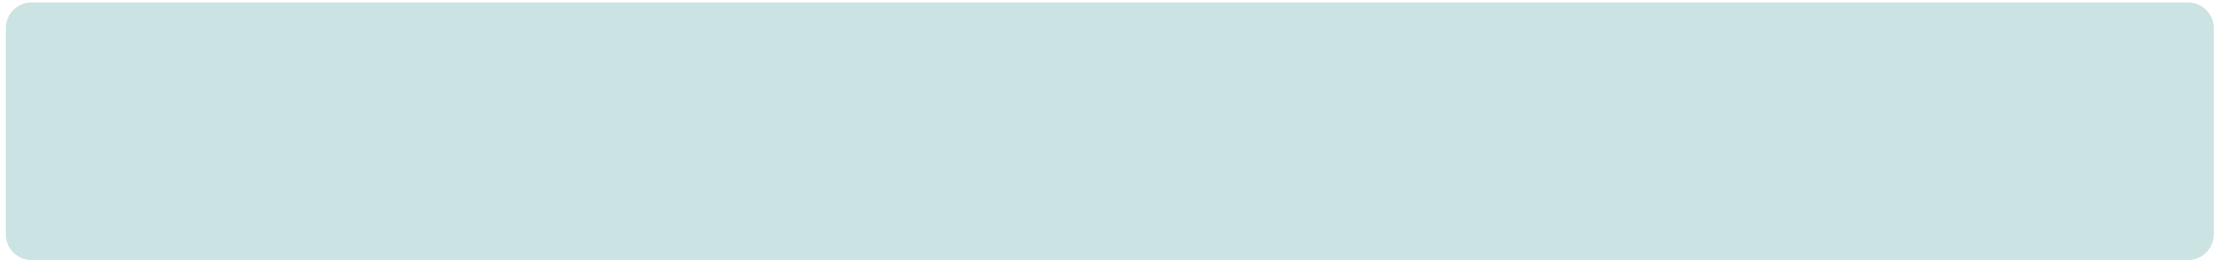

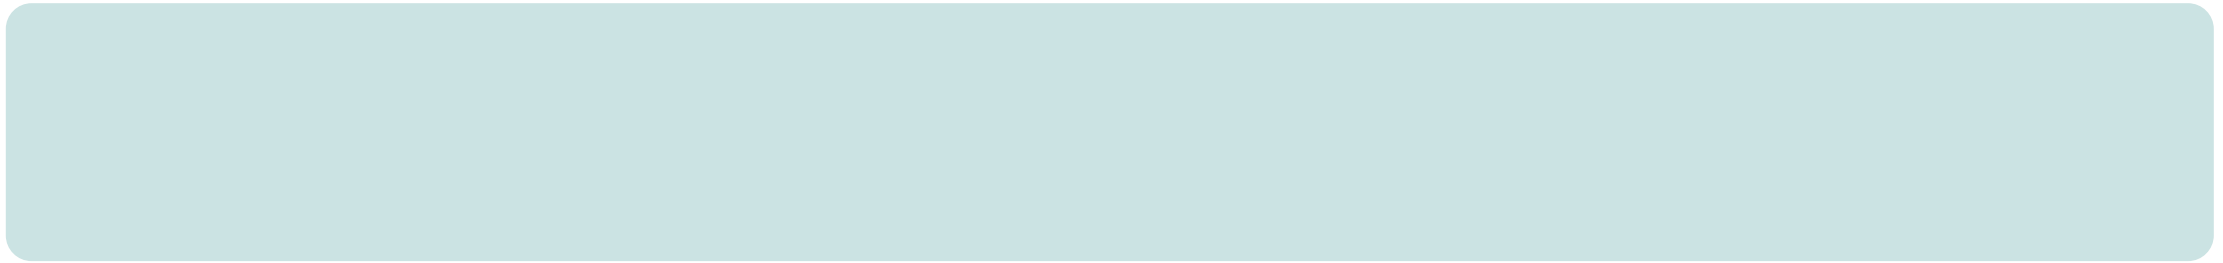

- Conducted an analysis of education and credentialing standards
 - Established minimum educational standards for the IA
 - Identified areas that are considered gaps
- Addressing gaps is autonomous responsibility of each IA organization

IA Process: How to Become Credentialed

- Visit appropriate IA organization website
- Begin the application process
- Directed ICD website
- Complete ICD application
- ICD provides an evaluation report
- Determine exam eligibility

IA Process: How to Maintain Credentials

IA Process: How to Maintain Credentials

Based on the credentialing organization requirements

IA Process: How to Maintain Credentials
